6th International Forum

INNOVATION IN PSYCHIATRY

Updating on Schizophrenia and Bipolar Disorder: from diagnosis to treatments

PRELIMINARY PROGRAMME

Milano,
November 5-6 2015
Il Sole 24 ORE
Via Monte Rosa, 91

Under the patronage of

Biennial event supported by the Italian Society of Psychopathology

Società Italiana di Neuropsicofarmacologia
INNOPY is an International Forum that is held in Milano biennaly focussed on innovative aspects of clinical diagnosis, management and treatment of main psychiatric issues with the sponsorship among others of the World Federation of Societies of Biological Psychiatry (WFSBP), the International Society for Bipolar Disorders (ISBD) and European College of Neuropsychopharmacology (ECNP).

The sixth Edition (Milano, 5–6 November 2015) will deal with biological and clinical updates of Schizophrenia and Mood Disorders. Internationally renowned clinical researchers with specific competence in the field of neurochemistry, genetics, neuroimaging and neurocognition of Schizophrenia and Mood Disorders have been invited to present “on the edge” data on the different topics.
As usual the Forum is structured with Main Lecture and Plenary Sessions, Meet the Expert, Satellite Sponsored Symposia and a Poster Session. One Lecture will be made with the collaboration of the European College of Neuropsychopharmacology (ECNP).

As during the previous Editions young scientists are particularly welcomed to actively participate at the Forum presenting their own original research in the Poster Session and an especially appointed jury will award the best contributors.

The Forum is of interest for psychiatrist, clinical psychologists, neurologists, pharmacologists and all personnel involved in the management of the mentally ill subjects.
November 5th Thursday

08.30-09.30  Registration

09.30-10.00  Opening Ceremony
  Introduction: Altamura AC (I)

10.00-11.30  Plenary session
  • DSM-5 Changes in the Diagnosis of Schizophrenia
    Carpenter W (USA)
  • DSM-5 Changes in the Diagnosis of Bipolar Disorder
    Suppes T (USA)

11.30-11.45  Coffee Break

11.45-13.15  Plenary session
  • Are the Treatment Guidelines Really Useful for the Management of Schizophrenia?
    ECNP Supported Talk, Falkai P (D)
  • Are the Treatment Guidelines Really Useful for the Management of Bipolar Disorder?
    Yatham LN (CND)

13.15-13.45  Lunch and Poster Session
13.45-14.30 Special Event ISBD
- Aspetti Biologici e Dimensioni Psicopatologiche nel Disturbo Bipolare
  De Bartolomeis A (I)

14.30-16.00 1st Symposium
Main targets in Schizophrenia and the Advancements in Pharmacological Treatments
Chairman: Altamura AC (I)
Kane J (USA)

16.00-17.00 Lecture Award Innopsy 2015
Paradigms for Therapeutic Discovery
Carpenter W (USA)

17.00-18.30 2nd Symposium
From Early Intervention to Continuity of Treatment in Schizophrenia
Chairman: Altamura AC (I)
- Could we aspire to function well and live better?
  Falkai P (D)
- The benefits of an early intervention with LAI
  Girardi P (I)
- A comprehensive real life experience with Paliperidone Palmitate
  Discussant: Paoli RA (I)
November 6th Friday

09.30-10.30  
1st Meet the Expert  
Depressione Patologia Multidimensionale:  
dalla selettività alla multimodalità  
De Bartolomeis A (I), Brunello N (I)

10.30-13.00  
Plenary session  
- Concomitant Antidepressant and Antipsychotic  
  Medication in Schizophrenia and Depression.  
  Role of prefrontal Glutamatergic Mechanisms  
  Svensson TH (S)

- Putative Neuromodulatory Approaches  
  for Treatment Resistant Major Depression –  
  What have we Learned and Where Might  
  we be Heading?  
  Schläpfer T (D)

- Long Acting Antipsychotic Therapy in the  
  Maintenance Treatment of Schizophrenia  
  Kane J (USA)

- Biological Markers as Predictors of Response  
  to Antipsychotic Medication  
  Schulz SC (USA)
13.00-14.00  Lunch break and 
Poster Innopsy Awards

14.00-15.30  3rd Symposium 
Relevance of pharmacological Continuity 
in the Treatment of Depressive Disorders 
*Mauri M (I), Fiorentini A (I)*

15.30-16.30  Thematic Poster Awards 
New Frontiers in Pharmacological Treatment 
of Psychotic Disorders 
*Chairman: Altamura AC (I)*

16.30  Closing of the Forum and CME Questionnaire
SPEAKERS

A.C. Altamura, Italy
N. Brunello, Italy
W. Carpenter, USA
A. De Bartolomeis, Italy
P. Falkai, Germany
A. Fiorentini, Italy
P. Girardi, Italy
J. Kane, USA
M. Mauri, Italy
R.A. Paoli, Italy
T. Schläpfer, Germany
S.C. Schulz, USA
T. Suppes, USA
T.H. Svensson, Sweden
L.N. Yatham, Canada
POSTER SESSION AWARD & THEMATIC POSTER AWARD

Topic of submitted Posters should be related to Congress main areas.

Once accepted, a selected Jury will award the best three Posters.

The top three Posters will be selected for oral presentation during the “Poster Session Award” & “Thematic Poster Award”
The Congress will provide 10.5 CME credits. CME credits will be granted to Medical Doctors specialized one of the following disciplines:

- Psychiatry
- Neurology
- Pharmacology
- Psychology and Psychotherapy

In order to be assigned CME credits, participants shall:

- be fully registered for Congress attendance
- attend 100% of the event (beginning November 5\textsuperscript{th} at 8.30 a.m. and closing November 6\textsuperscript{th} at 4.30 p.m.)
- be sharply on time at the beginning of each session (the presence of each participant will be checked via an electronic reporting system)
- return to the Congress Secretariat all the CME documents filled in and signed
- after the Congress, CME credit certificates will be sent by mail to the address indicated by participants on registration form
